A film by Anne-Marie Sweeney

Going Through The Change!

"I'm Brenda Procter, Chair of National Women Against Pit Closures (NWAPC) and I'd like to tell you about our brilliant film "GOING THROUGH THE CHANGE!" It's no piece of nostalgia and has relevance to all those fighting injustice. It will be touring for the 30th anniversary of the 84/85 miners' strike around International Women's Day. It's our history and watching it makes us dead proud. Hope you can get along to see it."

"Inspiring! STRONG WOMEN all over the place, wonderful women! We need each other!"

PEGGY SEEGER – Folk Queen.

"Brilliantly shows a sassy, fearless movement" **MORNING STAR.**
