

33rd International Youth Camp
24 – 30 July 2016
Canoves, Catalonia

History is ours and the youth will make it!

33rd International Youth Camp

Over the Easter break, revolutionary activists from across Europe assembled in the International Institute for Research and Education in Amsterdam to discuss and plan the 33rd International Revolutionary Summer Camp. This year the camp will take place in Canoves, Catalonia, 50kms from Barcelona, from July 24th -30th. It will be organised by Anticapitalistas, who participate in Podemos .

After a lot of discussion, the themes agreed for the week are:

- Crisis, Youth and Class
- Imperialism, the Middle East, the Refugee Crisis and Anti-Racism
- Feminism and the Fight for Women's Emancipation
- LGBTQI Struggles
- The Impossibility of Green Capitalism and the need for Ecosocialism
- Political Organisations and Social Movements

I want to go – what do I need to do?

The group that went to our 2015 gathering had Labour Party members, activists from the National Campaign Against Fees and Cuts (NCAFC), Plan C, Left Unity and the Woodcraft Folk. If your politics are somewhere around there you'll love the camp.

You will need a tent and a sleeping bag, and other camping equipment (plate, knife, fork, spoon, water bottle, sunscreen lotion, etc.). Cooking equipment is not necessary as food is provided. You will also need money for spending on drinks and snacks.

The cost for the week, including food is estimated to be £125 plus travel to Catalonia. We'll probably be travelling by coach.

Much of the site is accessible, but if you have access needs please get in touch with to discuss them.

If you are interested in coming contact us at socialistresistanceoffice@gmail.com.

If you are already in a political organisation, ask it to contact us to discuss sending people.

The political discussion is held in different languages. The larger meetings will be translated simultaneously. The translation is then available by FM radio signal you can catch on your smart phone. In other meetings, contributions will be translated after each speaker.

I want to help someone to go – what do I need to do?

The delegation is self-organised but young people have been hard hit by austerity, poverty wages and debt. Socialist Resistance has launched a fund drive for £3,000 to make sure no young feminists, socialists and environmentalists will be stopped from going because they don't have the cash. You can help by making a donation in any of the following ways:

- A bank transfer to Socialist Outlook 080228 70935370 and send an email to socialistresistanceoffice@gmail.com saying you have made a donation for the camp
- Paypal to resistance@sent.com (please state that this is for the Youth Camp appeal)
- Or if all that internet stuff isn't for you, send a cheque to PO Box 62732 London SW3 9GQ marked "Youth Camp appeal"

Find out more about the Fourth International at <http://www.internationalviewpoint.org/> and Socialist Resistance at www.socialistresistance.org.

Camp Programme

Sunday 24 July - arrival, registration, setting up camp

21.00. **Welcome rally:** Welcome to the Camp (EE), Political situation in the Spanish State (EE), spaces presentation (women from the two spaces)

Session open to whoever wants to participate, recommended only for militants.

16.00. **Delegation meeting**

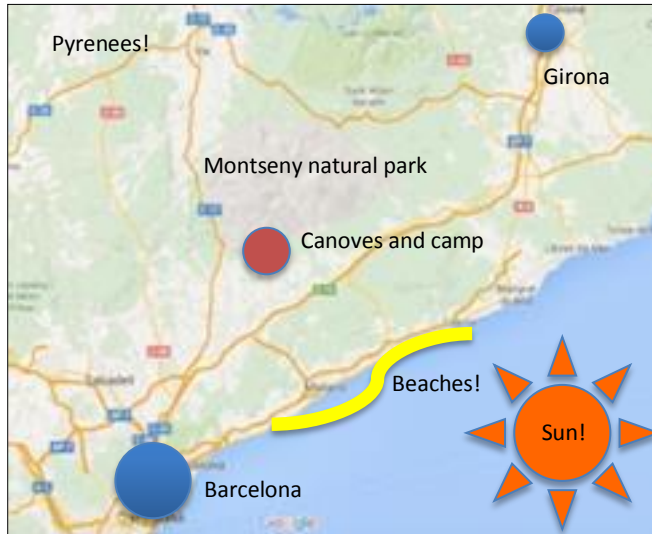

17:30. **Cleaning**

20:30. **Lunch**

22.00. **Closing rally:** Balance sheet of the Camp (EE), Presentation of the IV International (CI), Presentation of the next Camp (?)

Practicalities of the camp

Location

The camp is located in Catalonia, near the natural park of Montseny and the small town of Canoves.

The camp belongs to the municipality of Cánoves, which has various useful services (supermarkets, banks, train stations, etc.). Canoves is 50kms from Barcelona and 80kms from Girona.

Features of the camp.

The camp is located on a farm on one of the slopes of a small valley. In the valley runs a small natural stream running through the whole farm. At the top of the

hill, there is a tennis court, a farm building, and the farm house.

Down the access track, there are several open grassed areas for camping and other activities. At the top, there is a wooded area. Wooded areas, cultivated land, and other plots with grass surround the site.

The farm seeks to maintain a balance with nature. It separates the grey and black water, and electricity is generated by solar panels. Respect for the environment should be a priority during our stay in the camps.

On the farm, there are pets, a donkey (called Pep), and chickens and geese. There is no access to the farmhouse.

On top of the hill, there is a tennis court, which will be covered with canvas. This will be the dining area and one of the bars with tables and chairs. The other bar will be in the disco area and open during the hours of the nightclub. Coffee, beer, wine and the usual soft drinks and snacks will be served.

The building adjacent to the tennis court will be the Forum. The stage will be placed at one end of the tennis court as well as the translation booths.

Further down, there is the reservoir for water separation, which is where the showers will be. In front of this area there is a small building for the office of the camp secretary and first aid facilities.

Above the forecourt of the Haima concourse, there is the Women and LGTBI spaces.

Further down the access road, there will be spaces for workshops, which will also create a space between the disco and the camping area to avoid disturbance from noise.

At the bottom of the road, there is a field, other small plots and a clearing for camping. On the Haima concourse, there is another field for the donkey, which could be used for more tents or other functions.

Behind the donkey field, we find a way around a wooded area. On either side of this road are clear forest clearings but with natural shade,

where the remaining areas of workshops are located.

The bank this year will be located in a mobile office, which can move around the camp.

The farm has a generator to supply power for the consumption peaks that solar panels cannot deal with (such as refrigerators or stereos).

At the Forum, there will be points for charging phones and laptops. Films will be projected on the wall of the Forum.

Around the camp there will be recycling points. It is important to correctly perform the separation of waste (in the Spanish state, this is very simple), as agreed with the house.

At registration attendees will be given a bracelet of coloured fabric in order to be easily identified. This will facilitate the identification of intruders on the farm.

Plan of the site

- A- Forum
- B- Dinning room
- C- Haima concourse
- D- Women and LGBT space
- E- Disco
- F- Disco / Tables nightlife
- G- workshops
- H- Camping
- I- Camping
- J- workshops
- K- camping
